## Tims Dairy

... good food from the heart of the Chilterns

## **Foodservice Range Product Plus Points**

Tims Dairy has been a family business making yogurt since 1949 and is still run by the Timotheou family. Our dairy is in Chalfont St Peter, Buckinghamshire, where we produce a range of Greek style, wholemilk, low fat and virtually fat free yogurt for foodservice, plus a range of cultured creams.

We use fresh British milk and cream in support of UK farmers and combine this with natural fruit compotes to create live and bio-live yogurts.

Our dedication to service, great taste and consistency has won us many awards.

- ...good reasons to stock Tims Dairy products:
- Made using fresh British milk and cream
- Made with natural ingredients
- GMO free with no preservatives or artificial colours
- ✓ All vegetarian and gluten free
- ✔ Great for your business as our small pot yogurts are not easily benchmarked
- ✓ A comprehensive range of products and pack sizes to meet all caterers needs in terms of portion control, versatility and functionality.
