*... good food from  
the heart of the Chilterns*

## Foodservice Range Product Plus Points

Tims Dairy has been a family business making yogurt since 1949 and is still run by the Timotheou family. Our dairy is in Chalfont St Peter, Buckinghamshire, where we produce a range of Greek style, wholemilk, low fat and virtually fat free yogurt for foodservice, plus a range of cultured creams.

We use fresh British milk and cream in support of UK farmers and combine this with natural fruit compotes to create live and bio-live yogurts.

Our dedication to service, great taste and consistency has won us many awards.

### **...good reasons to stock Tims Dairy products:**

- ✓ Made using fresh British milk and cream
- ✓ Made with natural ingredients
- ✓ GMO free with no preservatives or artificial colours
- ✓ All vegetarian and gluten free
- ✓ Great for your business as our small pot yogurts are not easily benchmarked
- ✓ A comprehensive range of products and pack sizes to meet all caterers needs in terms of portion control, versatility and functionality.
