

Tims Dairy

Fantastic Fresh Healthy Yogurts

From our Dairy in the Chiltern Hills we make yogurt in batches using fresh pasteurised British milk, natural ingredients and bio-live cultures. Our family has a traditional Greek heritage and we've been making fresh live yogurt since 1949.

Yogurt is a key part of the diet world-wide and the health benefits are also better understood these days. Each pot is packed full of nutrition in terms of protein, calcium, B-vitamins and live or bio-live cultures, which makes every delicious spoonful that much more enjoyable.

Our yogurts are multi award-winning for great taste and quality. This not only makes us proud, but is real testament to our team ethos, our family business and the passion we have for what we do.

"The best yogurt I have tasted in my life and I have tasted many"
